Important Thought: It is a tough job, keeping track of cars, owners, wives, addresses and phone numbers once a year, publishing a roster with all the information we have collected. Now with the new Privacy Legislation in Alberta, we have to get each member to sign off on releasing this information. We as a club can't even keep a membership list of your names legally until you personally give the okay for us to keep track of you. It is important that you update your membership information each year for us. We only print what we are given. To avoid errors please update your information each year on the attached Membership Application Form.

By signing this Membership Application, you are automatically granting permission for the River City Classics Car Club to publish or distribute the information you supplied above in its membership lists, rosters, newsletters or web site. This mailing list will **not** be sold or distributed for financial gain.
